AISYA BINTI AZIZ

Graduated from University of Maryland,
College Park.

I have been programming since I was 7
years old. My first website is a
Sailormoon Guestbook and I am proud of
it.

My first system was when I was 17 years
old. I built a system called "iLuvBook"
whereby readers could trade books
online.

My passion has been programming. And
I plan to build a project of my own.

I have been a Project Manager for about 5
years at Authentic Venture Sdn Bhd.

My mother is a headmaster and thus,
helping out with connections to deploy
the first pilot library!

MOHD MAZEEZ MOHD MAZLAN

A close-up photograph of a person's hand reaching for a book on a white library shelf. The book has a white cover with a green horizontal stripe. To the left, there are several spiral-bound notebooks with pink and blue covers. The background shows rows of bookshelves filled with books, creating a sense of a well-stocked library. The lighting is soft and natural, highlighting the textures of the paper and the colors of the books.
